Introduction	xv
<b>Chapter 1 ■ Understanding BIM</b>	<b>1</b>
A Brief History of Architectural Documentation	2
Advantages of a BIM Approach	4
How BIM Is Different from CAD	5
Why Revit?	9
Revit Concepts	9
Types of Elements in Revit	12
Tips for Getting Started in Revit	15
<b>Chapter 2 ■ Getting Acquainted with the Revit Interface and File Types</b>	<b>19</b>
The Revit User Interface	20
Modifying and Personalizing the Interface	36
Selecting and Manipulating Content	39
Setting Up Your Project Environment	50
Revit File Formats	53
<b>Chapter 3 ■ Views</b>	<b>59</b>
Data Visualization in Revit	60
Creating Views	60
Working with Views	62
Schedules	75
<b>Chapter 4 ■ Modeling Basics</b>	<b>81</b>
Levels and Grids	82
Basic Walls	84
Floors and Roofs	87
Doors and Windows	88

Components	89
Stairs and Railings	90
Getting Started with a Project	91

**Chapter 5 ■ Modifying Elements 149**

Standard Tools	150
Edit Tools	156
Graphic and Visual Overrides	160

**Chapter 6 ■ Extended Modeling 171**

Walls: Advanced Modeling Features	172
Curtain Walls: Advanced Design Techniques	185
Roofs and Slabs: Advanced Shape Editing	193

**Chapter 7 ■ Working with Other Applications 197**

Exporting	198
Importing and Linking	207
Working with Imported Files	217
Working with Civil Engineering DWG Files	220
Converting 2D Drawings into a 3D Model	230
Starting a Drawing from a Scanned File	237

**Chapter 8 ■ Preparing Documents for Clients 241**

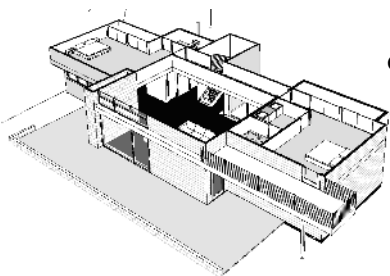

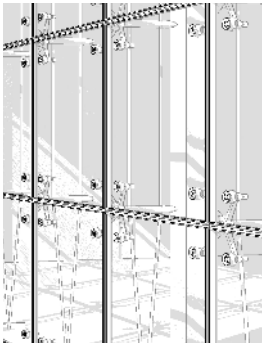

Color Fill Plans	242
Area Plans	248
Creating Presentation Graphics	250
Shadows and Solar Studies	255
Rendering a Perspective	258

**Chapter 9 ■ Sheets 265**

View Properties	266
The Sheet	271

**Chapter 10 ■ Construction Documentation 285**

Formatting Your Sheets	286
Annotating Your Views	290

Dimensions	293
Text and Keynotes	298
Schedules	305
Drafting Views	314
Importing CAD details	314
Drafting Tools	315
<b>Chapter 11 ■ Printing</b>	<b>329</b>
Printing Your Documents	330
Revit Printing Tips	337
Publishing Your BIM Data	337
<b>Chapter 12 ■ Advanced Topics</b>	<b>345</b>
Families	346
Design Options	358
Worksharing	363
<b>Chapter 13 ■ Troubleshooting and File Maintenance</b>	<b>369</b>
Performance	370
File Corruption	374
<b>Appendix ■ Inspirational Revit Projects</b>	<b>375</b>
Index	385
