Introduction	ix
Chapter 1: The Trade of Wood Framing	
Framing Terms	2-3
Framing Lumber	4
Framing Sheathing	5
Engineered Wood Products	6-9
Lumber and Plywood Grades	10
Framing Nails	11
Framing Tools	12-13
Framing Tool Truck	14
Cutting Lumber	15
Protecting Lumber from Decay	16-17
Chapter 2: Nailing Patterns	19-32
Chapter 3: Floor Framing	
Crown Joists and Put in Place	34
Nail Rim Joists in Place	35
Cut Joists to Length	35
Nail Joists in Place	36
Frame Openings in Joists	37
Block Bearing Walls	38
Nail Joists to Walls	38
Drywall Backing	39
Subfloor Sheathing	40
Chapter 4: Wall Framing	
Spread Headers	42
Spread Makeup	43
Spread Studs	44
Nail Headers to Studs	44
Nail Top Plate to Studs and Headers	44
Nail Bottom Plate to Studs	44
Nail Double Plate to Studs	44
Square Wall	45
Sheath Wall	46

Installing Nail-Flange Windows in Wall Before Wall is Stood Up	47
Stand Wall	48
Set Bottom Plate	48
Set Double Plate	48
Set Reveal	48
Nail Wall	48
Plumb and Line	49–50
Chapter 5: Roof Framing	
Roof Framing Terms	53
Roof Styles	54
Finding the Lengths of Common Rafters	55
Pythagorean Theorem.....	56–57
Framing-Square Rafter Table	58
Framing-Square Stepping Method	59
D-Chalking Lines Duplications Method	60
Cut Common Rafters	61–63
Set Ridge Board	64
Set Common Rafters	65
Length of Hip and Valley Rafters	66
Cut Hip and Valley Rafters	67–68
Set Hip and Valley Rafters	69
Set Jack Rafters	70
Block Rafters and Lookouts	71
Set Fascia	71
Sheathing	72
Spread Trusses	73
Sheath Gable Ends	74
Set Gable Ends	74
Roll Trusses	75
Ceiling Joists.....	76–78
Chapter 6: Doors, Windows, and Stairs	
Door Framing Terms	81
Steps for Installation of Exterior Prehung Doors	81
Installation of Nail-Flange Windows after Wall is Up	84
Window Flashing Installation	85
Steps for Installation of Sliding Glass Doors	86
Installation of Sliding Glass Doors	87
Stair Installation	88
Finding Riser and Tread Dimensions when Not Given on Plans	89
Stair Code Regulations	89
Checking Stair Headroom	90
Marking Stair Stringers	91
Standard Stair	92

Chapter 7: Layout	
Wall Layout Language	94
Wall Layout	95
Wall Layout Steps	95
Layout with Chalk Lines	96
Pulling Layout from a Corner	97
Pulling from an Existing Layout	97
Joist Layout	98
Joist Layout Language	98
Joist Layout Steps	99
Roof Layout	99
Roof Layout Language	99
Roof Layout Steps	99
Chapter 8: Managing a Framing Team	
Lead Framers	101–105
Framing Contractor Tasks	105
Chapter 9: Costs, Equipment, and Material Handling	
Time/Wage Relationship	108
Multiple Framing Tasks	110
Motion Analysis	110
Speed Versus Quality	111
Material Movement	111
Tool Maintenance Schedule	112
Nail Costs	112
Chapter 10: Codes, Standards, and Safety	
Framer’s Guide to the 2000 International Building Code (IBC)	114
Framer’s Guide to the 2000 International Residential Code (IRC)	116
Finding Stud Heights for Different Height Foundations	118
Standard Framing Dimensions	119–121
Header Length for Doors	122
Header Length for Windows	122
Trimmer Height	122
Bathroom Framing Dimensions	123
Safety Tips	124
Fall Protection Tips	125–126
Appendix	127
Glossary	135
For Reading and Reference	145
Index	147
